ROUND FIVE - OCTOBER 1ST - CADWELL PARK

The fifth round of the 2017 Toyota Sprint Series was held at the fun Cadwell Park circuit.

Now in its 10th year, there were some well known competitors returning for the championship and a good intake of newcomers, especially taking advantage of the new half price entry for first timers. As expected, there was a wide variety of cars, from the modern and sporty GT86 to more classic Celicas, MR2s and more unusual variants such as the Levin. There is a class for every type of Toyota within the series to enhance competition.

A three dimensional and twisty track, Cadwell is a favourite with drivers, although intimidating to some. A wet start but with rumours of little rain throughout the day, the expectation was that times would significantly drop each run with the track drying out.

Location: Cadwell Park, Lincolnshire
Weather AM: Wet
Weather PM: Damp
Entries: 38
